2025 INCOME DISCLOSURE STATEMENT

Practicality dictates that everyone's results will vary as we are all unique and different. Basically, it takes hard work to make a substantial income in this business. Some people will make no money at all. The earnings of a Surge365 Business Associate will be 100% dependent upon their skills, work effort, commitment, leadership capabilities, and market conditions. Common sense would suggest that in most opportunities, one would find exceptional individuals performing well above average, while others perform under the average.

The average active and inactive participant in Surge365 earned $636.37 in 2025 with 67.66% of all SBAs earning no income. The average income for Active SBAs in all SBA levels in 2025 was $1,967.93. An active SBA is defined as anyone who has made at least one sale during this income period.

This does not account for any business expenses that one might incur while building the business. The earnings of the SBAs in this document are not necessarily representative of the income, if any, that an SBA can or will earn through his or her participation in the marketing compensation plan. These figures should not be considered as guarantees or projections of your actual earnings or profits.

Please note: The income period for figures shown on this document is 1/1/2025-12/31/2025.
